Madinatul Ilm Academy

# Annual Report 2016

On behalf of the Madinatul Ilm Academy, I am very grateful to all our donors and well-wishers. My recent visit to Schools in Hyderabad, and interaction with teaching staff, students, alumni, parents and managing committee members was very encouraging and successful. Alhumdulillah the students are learning with enthusiasm and teachers are working hard to help achieve good results. These achievements are also due to the effective management by committee members and advisors which includes well known engineers, doctors, professors, and scholars. Insha Allah our goal is to eradicate illiteracy from the slum areas and help bring prosperity through education.

## Our Mission

To educate and improve quality of life in economically underdeveloped slum area in Hyderabad, India.
