2018 ANNUAL REPORT

Celebrating 22 Years of success with your help and support

Our Mission

"To Educate and improve the quality of life of underprivileged children in the slums of Hyderabad India"

President's Message:

Our goal for past decade has been to eradicate illiteracy from the slum areas and help bring prosperity through education. Alhumdulillah with your support, we have been making a positive cultural change.

On behalf of Madinatul Ilm Academy, I am very grateful to all our donors and well-wishers. My recent visit to Bright Future High schools in Mustafa Nagar and Hasan Nagar, both slums of Hyderabad city was successful and encouraging. Alhamdulillah overall strength of the students is 856 and strength of teachers is 43.

Our students are joining colleges after graduating from the high school and some of them are in professional courses such as Engineering, Pharmacy, and Paramedical courses. About 60 students are currently pursuing college education.

MIA is providing almost free education to students in high school and colleges. It is encouraging to note that those who have completed college education are doing jobs which is changing the life of their families. We are holding seminars and inviting scholars to suggest measures to be taken to improve the standard of education. Such programs are conducted especially during my visit and the visit of Syed Khaja Hamid Hussain, Executive Director of MIA. The details of school activities can be seen in this brochure. I am grateful to Allah (SWT) and thankful to the donors for the monthly and yearly contributions. May Allah (SWT) reward you for your generous support.

-Mohammed Ansar Ahmed
President, MIA
