Madinatul Ilm Academy Annual Report 2022

“Invest In Educating the Underprivileged”

Message from the President

Assalamuaykum and Ramadan Mubarak to you and family,

Alhumdulillah, our team at Madinatul Ilm Academy has had another successful year. With Allah's grace, here are some of the programs your donations have supported for the children of Bright Future Schools in Hyderabad, India.

Over 1000 students continue to receive education who otherwise would be pulled into child labor. We have started the Nutrition program again - twice weekly, students receive a snack of bun or fruit. Over 82 orphans are receiving scholarships and free education. Construction of 3 additional classrooms at Hassan Nagar Campus has added additional learning space.

Our Executive Director, Mr. Syed Hamid Hussain made his annual visit to Hyderabad in October and has had some important discussions with the Board members in India. He has reassessed the goals for the Academy to focus on the following:

- Focus on the quality of education to increase students' participation in higher education after High School.
- More opportunities to be created for students to practice spoken English.
- Increase students' computer literacy.

Inshallah, a plan is being created to make the above goals achievable, realistic and time bound. We will keep our supporters informed of the progress. Also, I visited both schools personally, along with my wife Khadija Ahmed in January 2023 and we both spent quality time with the Managing Committee, Education Team, Students and Teachers. It is always inspiring to see the students of BFHS graduate and move onto higher education. Please check out the 'Success Stories' section to learn about what our Alumni are up to. Alhamdulillah we are proud to inform that one student is studying an M.S Course in the US and another studying in the UK.

Once again, we thank you for your continued support in educating our ummah. We are stronger together Inshallah.

Wishing you and your family a blessed Ramadan!

Ansar Ahmed

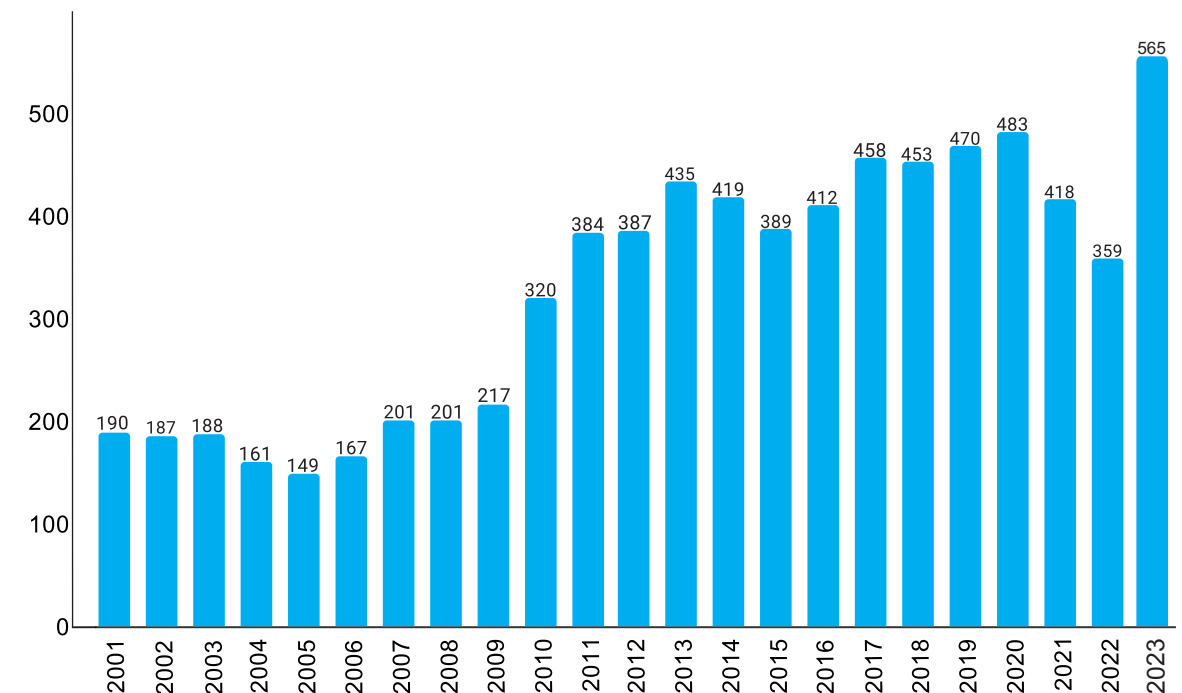

President,
